Battle of the Books

Battle of the Books is a voluntary program for students in all grades. Teams of five students read the 15 FCMS Battle of the Books selections for the year. There are three “battles” - one in October, November and December. Each battle focuses on 5 of the 15 titles. Content questions are asked and the answers are the titles of the books.

See the media center website for more information and the list of the Battle books.
