Review of Prerequisite Math Skills Before Entering Grade Six Mathematics

khanacademy.org/join

Code: **ANDRKGEH**

| Prerequisite Mathematics Skills Review Get ready for 6th grade - Khan Academy Units Assigned |
|--|
| • Get ready for ratios, rates, and percentages |
| • Get ready for arithmetic operations |
| • Get ready for negative numbers |
| • Get ready for equations, expressions, and inequalities |
| • Get ready for geometry |

The + Positive + Start Program is a FREE, voluntary, non-credited, unsupported, self-paced review of math skills through Khan Academy. The goal is to give students a boost in the prerequisite math skills needed to be successful in the mathematics course in which the student is enrolled in the 2021-2022 school year. The work is meant to be done independently. Students will not be monitored or supported by an instructor. The + Positive + Start Program is not associated with any state defined mathematics course and the review of math skills is not comprehensive and/or parallel to a state defined mathematics course.
