## Superintendent Search

The St. Johns County School Board is asking for input from the community on the leadership qualities desired in our next Superintendent. Your feedback is crucial in helping us identify the best leader to guide our district toward continued success. The [Superintendent Search Public Survey](#), conducted by the Florida School Boards Association in collaboration with the St. Johns County School Board, is an essential part of this process. Your responses will help shape the application process and develop interview questions for candidates.

[Complete the Superintendent Search Public Survey](#)

Survey closes on February 14, 2025.

Please Note: Community Relations will be sending a memo and hard copies of the survey to schools for the families that do not have access to a computer. Paper surveys can be sent to the attention of Jill Sumner, Community Relations.

## Safety Reminder

For the safety of all students, we ask that you remind your children who ride bikes or scooters to always wear a helmet.

Additionally, please ensure they are crossing the street at designated crosswalks where there are crossing guards present. These locations are:

- \* **Flora Branch Blvd. and Race Track Road**
- \* **Durbin Creek Blvd. and Race Track Road**
- \* **Flora Branch Blvd. and Durbin Creek Blvd.**
- \* **Durbin Creek Blvd. in front of the Pine Crossing Subdivision**

Please take a moment to discuss with your child where they should cross the street to ensure they are using one of these safe locations with a crossing guard.

Also, remind your student to not wear earbuds while riding a bike or scooter.

### **Morning Parent Drop Off**

For the safety of all our students, please ensure you are dropping your child off only at the **designated drop-off area in front of the school**.

On colder mornings, the line may be longer than usual, so we encourage you to allow extra time in your schedule to safely drop off your child.

Thank you for helping us maintain a safe and efficient drop-off process!

We appreciate partnering with our families to work together to keep our students safe.

# How to inspire a love of learning in your kids.

### Make lessons fun

Most people don't like being lectured to for long periods of time, especially children. If you try to make every single lesson as fun as possible for your kids, they will be more engaged, more likely to absorb what you're teaching them, and become more fond of learning.

### Chat with them more

Children are naturally curious, and you can stoke this inquisitiveness by simply having more conversations with them. They can really help to brighten their curiosity, and even spark fully-fledged fascinations with aspects of the world.

### Go slowly with anxious children

Anxiety can be a significant barrier to learning for children – it's hard to focus when you're in a constant state of alert. Try strategies like mindfulness, lots of assurance, and feelings boards to help.

### Provide a variety of experiences

Try to provide your kids with as many experiences as possible, both creative and exploratory. Sculpting, piano, treasure hunts, the library, zoos, origami, horse riding, crazy golf – the possibilities are endless.

### Strengthen their pillars of health

Learning takes energy and sustained focus, which are strengthened if your child's pillars of health are properly tended to. These include sufficient sleep, good nutrition, and enough exercise.
